13.

As Defendant John Doe Employee attempted to speed the golf cart through the entry gate, the metal arm came down and struck Plaintiff on her head.

**Re: CHYRELL STREETER-BARTLEY: CLAIM NO. 1248910**  
**CONFIDENTIAL, TIME LIMITED, DEMAND FOR SETTLEMENT**

Dear Ms. Cowley:

As you know, this Firm represents Chyrell Streeter-Bartley in connection with the above-referenced claim. At this time, our client has reached maximum medical improvement from her injuries and is prepared to discuss settlement of her claim.

### Factual Background

On April 30, 2014, Chyrell Streeter-Bartley arrived at the Walden Brook Apartments location at 100 Walden Brook Drive, Lithonia, Georgia 30038. The purpose of her visit was to tour the property as a prospective future resident. After a brief meeting with an agent/employee of Walden Brook Apartments she was taken to a golf cart in order to be transported around the grounds of the property by the agent/employee (the "Driver"). Once at the entry gate, the Driver waited for a vehicle ahead to enter, and the metal arm which permits only one vehicle at a time to enter was still raised. Instead of waiting for the metal arm to lower and then opening the gate, the Driver began driving forward through the gate. As they passed under the metal arm, the arm lowered quickly and struck Ms. Streeter-Bartley in the head which caused severe injuries, including a concussion, nose bleeds, chronic headaches, and severe neck injuries. At the time of the incident, Ms. Streeter-Bartley was 54 years old. The injuries that she suffered and the resulting complications will continue to negatively impact her for the rest of her life.

### Negligence

The Driver owed a duty of care to Ms. Streeter-Bartley to operate the vehicle in a safe manner just as a reasonably prudent and careful person would have done under similar circumstances. That duty was breached when the Driver, among other things, negligently drove under the open metal arm and otherwise failed to exercise reasonable care. As a direct and

Page 2

Chyrell Streeter Bartley

proximate cause of the Driver's negligence, Chyrell Streeter-Bartley suffered serious personal injuries and complications.

#### Injuries to Chyrell Streeter-Bartley

As a direct and proximate cause of the Driver's negligence, Ms. Streeter-Bartley suffered bodily injury to her head and neck; including pain and suffering, severe headaches, vomiting, loss of vision, nose bleeds, ear ringing, and loss of enjoyment of life. Her neck injuries include a focal herniated disc protrusion with an annular tear, a bulging disc, a central and right paracentral herniated disc protrusion and bone spur at C 5-6. Her spinal cord injuries have caused her debilitating headaches along with symptoms such as vomiting and loss of vision. Her other symptoms include loss of balance and hearing that render her unable to work. The vomiting and headaches are strong enough to cause loss of consciousness and are debilitating enough to render Ms. Streeter-Bartley disabled.

Ms. Streeter-Bartley had several previous medical conditions, including short gut syndrome, diabetes, cholecystectomy, bladder repair, and other related medical issues. The injuries Ms. Streeter-Bartley received on the premises of Defendant resulted in further complications to her previous conditions. Before the incident, she had most of her abdominal pain and digestive issues under control. The injuries she received on the premises have caused her to fall into an ever worsening string of complications. Ms. Streeter-Bartley now has worsening diarrhea and extreme pain. Ms. Streeter-Bartley has had to reassess her medication, and now takes very powerful doses of pain medication and the medications often make her disoriented and confused. The injuries of Chyrell Streeter-Bartley are detailed in the attached records, bills and office notes from the treating healthcare providers.

#### Special Damages

To date, Chyrell Streeter-Bartley has the following special damages:

Dekalb Medical E.R.	4/30/2014 and 7/22/2014	\$ 11,842.73
Atlanta Family Physicians	5/05/2014-9/04/2014	\$ 735.07
AICA Ortho and Spine	6/30/2014-8/06/2014	\$ 5,114.00
Transportation Fees	6/30/2014-8/06/2014	\$ 136.00
<b>TOTAL SPECIALS</b>		<b>\$17,827.80</b>

#### Economic Damages

Below I have compiled a preliminary analysis of the economic damages caused by Ms. Streeter-Bartley's injury on April 30, 2014 on the premises of the Walden Brook Apartments. The analysis is based on medical records for Ms. Streeter-Bartley and various statistical sources cited below. The two elements of economic loss I have considered are (1) lost earning capacity and (2) future medical assistance and care. The economic determinations in this analysis are based on Georgia Statutes and reliable statistical information.

Page 3

Chyrell Streeter Bartley

*Past and Future Loss of Earnings*

\$214,588.85

The discounted present value for future earning formula used in Georgia is as follows:

$$DPV = \$[(1+g)^t]/(1+d)^t]$$

\$ = Initial starting earnings

t = Time in terms of work life expectancy

g = Growth rate of earnings

d = Discount rate

The initial starting earnings for Ms. Streeter-Bartley are based on what other women of similar age and background make according to the U.S. Census Bureau. This figure is represented by the dollar sign in the formula. The time in terms of work life expectancy for Ms. Streeter-Bartley was calculated as 7.61 based on the findings of the Journal of Legal Economics. Growth rate of earnings was calculated as 5.34% using the real wage growth rate added to the rate of inflation using the CPI-U index from the Bureau of Labor Statistics for both figures as of 2015. Finally, the discount rate is a constant 5% in Georgia prescribed by O.C.G.A. § 51-12-13. Inserted into the formula, the discounted present value of Ms. Montgomery's future earnings total \$214,588.85.

*Future Medical or Assistance Care*

\$73,692.00

The medical evidence indicates that Ms. Streeter-Bartley will require some level of continuing care or assistance with household work for the remainder of her life. Based on previous treatment, the estimated yearly need for care is set at \$3,600 a year. The length of Ms. Streeter-Bartley's expected life was used via The Commissioners 1958 Standard Ordinary Mortality Table which is prescribed for use by O.C.G.A. § 24-4-45. Ms. Streeter-Bartley's expected remaining life from the date of the accident is 20.47 years according to the mortality tables. Using the same growth rate and discount rate as the table used for future earnings, the present value of her care is \$73,692.00.

*Past and Present Pain and Suffering*

\$808,200.00

Pain and suffering, both past and present, are to be proven at trial with the aid of medical professionals and testimony by the injured: Examples of pain and suffering to be taken into account include damages for physical and emotional pain, discomfort, anxiety, hardship, distress, suffering, inconvenience, physical impairment, mental anguish, disfigurement, loss of enjoyment of life, loss of society and companionship, loss of consortium, injury to reputation, and all other non-pecuniary losses of any kind or nature. Georgia law does presume that some pain and suffering will exist in physical injury cases. Cochran v. Lynch, 126 Ga. App. 866 (Ga. Ct. App. 1972). Pain and suffering may also include mental pain as well, which may include interference with normal living, interference with the enjoyment of life, loss of capacity to labor and earn money, impairment of bodily health and vigor, fear of the extent of one's injuries, shock of impact, past and future actual pain and suffering, past and future mental anguish, and limitations on activities. Food Lion, Inc. v. Williams, 219 Ga. App. 352, 464 S.E.2d 913 (1995).

Page 4

Chyrell Streeter Bartley

Ms Streeter-Bartley's injuries have continued to cause her extreme pain, both mental and physical, since the date of injury. Consideration factors for pain and suffering in Georgia have long been held to include: (1) loss or impairment to Plaintiff's powers or faculties; (2) decrease of earning capacity; (3) any decrease in Plaintiff's ability to work; (4) any disfigurement or scars to Plaintiff's body; and (5) the shortening of life from actual worry and pain necessarily caused by such injuries. Langran v. Hodges, 60 Ga. App. 567 (Ga. Ct. App. 1939).

We believe the evidence shows that Ms. Streeter-Bartley will suffer everyday for the rest of her life. Damages for her future pain and suffering should be awarded accordingly. Ms. Streeter-Bartley's future pain and suffering should be measured on a per diem basis because she will suffer everyday for the rest of her life. She has been unable to work; her head and neck have been and continue to be in severe pain. Based on the severity of her injuries, Ms. Streeter-Bartley will never again live a normal life.

The Plaintiff calculated pain and suffering on a per diem basis as follows:

Date of Injury: April 30, 2014

Life Expectancy: 20.47 Years from Date of Injury

Current Age: 55

Past Pain and Suffering: 444 days x \$200 per day = \$88,800.00

Future Pain and Suffering: 19.71 years x 365 days = 7,194 days x \$100 per day = \$719,400.00

Total Pain and Suffering: \$808,200.00

### Conclusion

In view of the foregoing, and to attempt to resolve this matter amicably, my client would be willing to settle this matter for \$1,114,308.65 as fair compensation for her injuries and pain and suffering as follows:

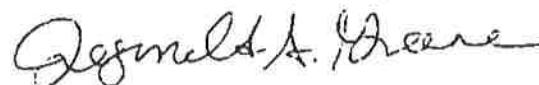

<b>Past Medical Expenses:</b>	\$ 17,827.80
<b>Past and Future Loss of Earnings:</b>	\$ 214,588.85
<b>Future Medical or Assistance Care:</b>	\$ 73,692.00
<b>Pain and Suffering:</b>	<u>\$ 808,200.00</u>
<b>TOTAL:</b>	<b>\$1,114,308.65</b>
